COLLABORATION

How do **YOU** meet the
collaboration needs for both
your clients and staff ?

What is CaseWare Cloud?

CaseWare Cloud is a **secure** web-based **collaboration** environment that greatly improves the way your staff collaborate together and with your clients.

With **hassle-free updates**, **any-device access** and new ways of tracking your engagements, CaseWare Cloud elevates your collaboration efforts to a whole new sphere.

What is CaseWare Collaborate?

CaseWare Collaborate is a powerful set of secure web-based tools that comes built into CaseWare Cloud.

It combines client portal, document management, activity tracking, private social networking and dashboard functionality.

So much more
than a client portal !
